BOYS STYLISH CLOTHING OF THE RIGHT SORT

The very best that can be tailored—a large variety of styles to humor particular parents. There are lots of advantages in buying here, and not one of the least is the saving of money.

Do you know that one of the worst things that you can do for a boy is to buy him poorly-made, badly-fitting clothes? You rob him of one of the manliest virtues—personal pride. You rob him of right training by making him careless of his clothes, because ashamed of them. Boys, you always take good care of clothes you like; don't you? Parents, is it or is it not better to have a suit that looks well, makes the boy proud and provident? Or is the other kind better—that hangs all askew and goes to pieces in no time, and makes you spend twice the money?

Fathers, mothers, boys! good clothes, at comparatively low prices, are at your service.

Double-Breasted Suits, \$2.50 to 7.50
London Norfolk Suits, \$3.50 to 7.50
Overcoats, - - - - \$2.50 to 9.00

Suits that will look well as long as a thread of them is left—good material and good tailoring—what boys want most. The patterns are new and neat. The clothing is tailored so we can stand back of it. All sizes—4 to 16 years.

DELIGHTFUL LITTLE TRIP.

Messrs. O. C. and T. E. Kenney, owners of the fast little yacht, "Sweetheart," gave the "Barraena Class," of the Baptist Church, a delightful excursion trip to Clifton and return on Thursday, of last week. The party had a delightful time fishing and duck shooting.

On Friday afternoon, Mr. Basil Kenney took the First Year Class, of the City High School, on a like excursion up the river on the same craft. All parties had a delightful trip.

RUNAWAY AND SMASH UP.

While Mr. Clarence Fugazzi was making his usual early morning delivery of bread, on Monday morning, the horse he was driving became frightened, on the South Side, and ran away, breaking the shafts and smashing the handsome new wagon. Luckily Mr. Fugazzi and the horse were not injured.

SPEAKING.

Dr. Ben L. Bruner, Republican candidate for Congress in the Fourth District, spoke to a fine audience at the courthouse, on Monday afternoon, at 2 o'clock.

Dr. Bruner is a pleasant and able speaker, and presented his side of the question in a very plausible and forcible manner, which highly pleased his audience.

SUPPER AND APRON SALE.

The Ladies of Ascension Church, Guild will give a Supper and Apron Sale on Thursday, December 1st, from 6 to 10 o'clock p. m. Prices will be very reasonable.

The proceeds of the entertainment will be for the benefit of the repair fund of the church.

It is earnestly requested that every body attend. They are assured of a good time.

The entertainment will be served in the Parish House.

NOTICE—RARE BARGAIN.

JOHN EDGE,
Frankfort, Ky.

USEFUL LITTLE BOOK.

The Postoffice Department has issued a very useful little booklet of information in regard to postal matters. It gives all regulations as to the different classes of mail matter, rates of postage, both domestic and foreign, and directions as to postal money orders, etc.

It is a perfect little encyclopedia and yet so small that it can be carried in the coat pocket very conveniently.

These valuable little books can be had upon application to our accommodating Postmaster, Capt. E. M. Drane.

LAYING OF CORNER STONE OF KING'S DAUGHTERS HOSPITAL.

In the presence of a good sized audience the cornerstone of the King's Daughters Hospital was laid, with due ceremony, on Saturday afternoon, at 3 o'clock.

Judge T. Lewis Edelin was master of ceremonies, and discharged his duties in a graceful and dignified way.

The invocation was by Rev. M. B. Adams, Admiral Chapman Coleman Todd (retired) made a practical, able and earnest appeal to the audience to render all necessary financial and personal assistance for the completion and finishing of the hospital.

The special feature, however, was the brilliant and eloquent address of Rev. Carter Helm Jones, D. D., of Louisville. Dr. Jones is an orator of splendid equipment, and well sustained his reputation as such.

At the conclusion of the ceremonies a collection of \$313 was made to assist in liquidating the debt for the erection of the building, which will be thoroughly equipped and modern in all its appointments.

The work done by this organization in behalf of suffering humanity deserves the highest commendation and earnest support of every body.

DeWitt's Little Early Risers The famous little pills.

APPEAL OF SALVATION ARMY FOR ASSISTANCE TOWARD BUYING A HOME.

The following appeal has been issued from the local headquarters of the Salvation Army:

If St. Paul was debtor to the Greeks and barbarians, do you not owe a debt to the poor and degraded of your own town? The Salvation Army has labored faithfully in our midst for many years. Their rents are so heavy that they consume all that they can collect, leaving nothing for food and fire. Will you help to buy the building in which they hold their meetings? It can now be bought at a very reasonable price.

Attached to the appeal is a blank left for subscriptions toward buying the proposed home.

READ IT CAREFULLY AND THEN ACT.

In another place we publish an address to the voters of this city from the Capital Gas and Electric Light Co. They put their case strongly and plainly. Every voter should carefully read this address before he casts his vote on the issues involved. It is a very important matter. Another strong illustration of the fact that "there are always two sides to every question."

DELIGHTFUL AFFAIR.

Miss Eloise Boone was hostess to a delightful Mask Halloween Party, on Monday night, given to the Senior Class of the City High School, of which Miss Boone is a member. The affair was a very pleasant one, and the refreshments served were dainty and delightful.

THOUSANDS CURED.

DeWitt's Witch Hazel Salve has cured thousands of cases of Piles. "I bought a box of DeWitt's Witch Hazel Salve on the recommendation of our druggist, so writes C. H. LaCroix, of Zavalla, Tex. "and used it for a stubborn case of Piles. It cured me permanently." Sold by J. W. Gayle.

REVENUE TAXES COLLECTED.

Deputy Collector Grant L. Roberts has collected internal revenue taxes for the month of October as follows: 2,958 barrels; 114,185 7-10 tax gallons; amount of \$125,604.27.

AUDITOR SWEENEY WINS.

In the case of John S. Sweeney, late Auditor v. Commonwealth, appealed from the Franklin Circuit Court (in which a judgment was rendered by Judge Cantrill awarding \$16,000 against Sweeney and his bondsmen, for money expended by him under orders of Gov. W. S. Taylor, in the paying of soldiers) the Court of Appeals, on Wednesday, rendered a decision releasing Sweeney from the payment, as he had acted under orders, which, while irregular, were, nevertheless, sufficient to warrant Sweeney's actions.

A GOOD COMPLEXION.

"Sparkling eyes and rosy cheeks restored by using DeWitt's Little Early Risers," so writes S. P. Moore, of Naacogdoche, Tex. A certain cure for biliousness, constipation, etc. Small pill—easy to take—easy to act. Sold by J. W. Gayle.

HON. ED. W. HINES.

We are happy to say that our friend, Mr. Ed. W. Hines, of Louisville, will, in all probability, soon be appointed Chief Counsel for the L. & N. Railroad, to fill the vacancy caused by the resignation of Mr. Chas. N. Burch.

The salary of the position is \$10,000 per annum.

Every one in this city, Mr. Hines' home for so many years, will rejoice if the place should fall to him. He is a very able and polished lawyer and a gentleman with all that the name means.

QUICK ARREST.

J. A. Guldedge, of Verbena, Ala., was twice in the hospital from a severe case of piles causing 24 tumors. After doctors and all remedies failed, Bucklen's Arnica Salve quickly arrested further inflammation and cured him. It conquers aches and kills pain. 25c. at all druggists.

HALLOWEEN.

The young folks had a good time, Monday night, celebrating Halloween. While there was lots of fun there was little or no damage done to property, as has so often been the case in the past.

KING'S DAUGHTERS' BAZAAR.

The King's Daughters Circle will give a Bazaar and Supper in the Capital Hotel Ball room on the evening of Thursday, November 17th.

Let everybody attend and help in the good cause. These good women have an uphill job before them and need all the help they can get.

BURGLAR CAUGHT.

Ben Twyman, colored, was captured in the store of Mr. Wm. Euler, on Sunday night by Officers Brown and Robinson. He was found with a number of articles belonging to the store and the pocketbook of Miss Rumpf in his possession. The ringing of the cash register bell called the attention of the officers to the store. He was lodged in jail, charged with burglary, with a fair chance to be sent up to the Pen.

Learn a Lesson From the Squirrel?

The squirrel is wise enough to lay in its needs for the winter while the supply is plentiful. A wise housekeeper never fails to follow this lesson. No doubt you have put up your preserves, jellies, etc., but what about potatoes? Right now you can get 2 bushels for the same price that you will have to pay for 1 bushel later on. We have bought a car load of the very finest white and mealy potatoes and offer such, as long as they last, at the low price of 60c a bushel.

Navy Beans

Four families out of every five must have beans, and why not you? No food is more nourishing or health giving. And what could you buy that would give such general satisfaction and can be cooked in so many different ways, at such a small outlay, as beans? They never sell at less than 10c a quart, which is \$8.20 a bushel. We picked up 500 bushels at a ridiculously low price and here is your chance to lay in a bushel or more, before this lot is gone—just think! New fancy hand-picked Navy beans at \$2.25 a bushel.

Rice

Here is another snap for you. Keeps nicely all winter and will never be offered at such prices again. Clean broken rice (regular price 5c a lb.) we offer it now at 3 1/2c a lb. Fancy head rice (regular 10c value) to-day at 7c a lb.

Flour

Has been on the rise and every sack bought now means a saving of at least 15c before spring. We guarantee every sack. It must give you satisfaction or your money will be refunded. Obelisk at 85c for 24 lb. sack. Boss spring wheat patent 80c for 24 lb. sack.

Tomatoes

We also have 500 cases of standard 3 lb. can tomatoes (A. No. 1 stock). For a few days only we offer only 1 case (2 doz. cans) to a customer at 90c a dozen cans or 8c a can.

Early June Peas

1,000 cases, regular price 10c a can, this week 7c a can. Not more than 1 case at this price, 75c a dozen. (Save that 45c.)

Sugar Corn

750 cases, good quality, regular 10c kind at 80c a dozen, limited to 1 case at this cut price. Why not save that 40c? Another heavy frost or two means higher prices on all canned goods. Take our advice, buy now and save a few dollars.

A lady friend, who now resides in an eastern city, but is visiting relatives here, was kind enough to say "I just could not get along without the Roundabout. When Monday morning comes I look forward to my paper with the greatest pleasure. I am glad to say that it fills the bill and gives me a great deal of comfort." For which we desire to return our sincere thanks. Appreciation of this character puts new heart into the editor's grind.

Another friend for whom we printed a 100 page pamphlet, writes: "It is a good job—decidedly the best we have had. It is perfectly satisfactory to me, and many complimentary expressions are coming from the brethren concerning it." We strive to do good work and are thankful for expressions like the above.

THE MOONSHINER'S DAUGHTER.

The much noted dramatic sensation, "The Moonshiner's Daughter," is announced to appear at Capital Theatre on this afternoon and to-night. It is said that the lives of two people have been sacrificed in the construction of this drama. A tale is told among the denizens of the Rialto purporting that the homes of two people of national repute were sundered through an idle report that jealously existed between these friends.

A meeting on the streets of Louisville, two pistol reports, a scene at the morgue, where the coroner pronounced the innocence of a prominent Louisville citizen, have all appeared in these columns in a previous issue.

"DO IT TO-DAY."

The time-worn injunction, "Never put off 'till to-morrow what you can do to-day," is now generally presented in this form: "Do it to-day." That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it to-day—and let that remedy be Dr. Rosche's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble. New trial bottles, 25c; regular size, 75c. At all druggists.

Be Ready For Coughs
It's letting disease fasten itself that kills. Dangerous possibilities lurk in every neglected cough or cold. Most things are easily cured if taken in time, especially throat and lung troubles.
GAYLE'S White Pine Expectorant

MORE ABOUT THE CANTEN QUESTION.

Fort Monroe, Va.,
October 31, 1904.

Editor Roundabout:

There is so much discussion, both pro and con, regarding the question of selling beer in the army cantens, that a word from one who has served continuously in the artillery branch of the army since July 15, 1897, may not be amiss.

To begin with, the canteen, or more properly, the post exchange, is an authorized institution in the army, the regulations pertaining thereto stipulating what shall and what shall not be sold therefrom. Prior to 1901, the law provided that beer and light wines should be sold to soldiers, in addition to such other articles as may be needed, or desired by the men. By an act of Congress approved in 1901, the sale of beer, etc., by any person in any canteen, post exchange or army transport was prohibited. It was then the spirit of discontent arose among the enlisted personnel of the army. The increase in desertions and courts-martial being so marked, the question arose, where does the blame lie? Army officers in their reports to the War Department, with few exceptions, attributed it to the abolition of the beer feature of the canteen. The Inspector General of the army, with forty-three years active service; the Surgeon General, with forty years active service; in addition to Department Commanders from Manila to Porto Rico, reported that it was a most grievous mistake to curtail the soldier's privilege in this respect; that to do so was but to turn the soldier over to the tender care and mercies of the brothel, so common around the different army posts throughout the army.

Further than this, it is not necessary to go into detail of the reports in question; they speak for themselves, and any one who is sufficiently interested in such matters

Almost Unnerved Me

Shout of Breath,
Faint and Languid.

Dr. Miles' Heart Cure and
Nervine Cured Me.

"It has been five years since I was cured of heart trouble by your Heart Cure and Nervine, and I am just as sound as a dollar in that organ today. For several years I had been suffering with my heart. Breathing had become short and difficult at times, short, sharp pains about the heart, sometimes accompanied with fluttering would make me feel faint and languid. The least excitement or mental worry would almost unnerve me. I felt that the trouble was growing worse all the time, and after trying many remedies prescribed by physicians without obtaining relief, I was induced to give your Heart Cure a trial. I was relieved the second day, and after taking three or four bottles all symptoms were removed and have never shown signs of returning."—REV. GEO. W. KIRKCOPE, Chincoteague, Va.

There are many symptoms of heart disease, which so closely resemble those of more common nervous disorders as to frequently mislead the attending physician. Often in cases of heart trouble the stomach, kidneys, liver and lungs become affected. Again the symptoms may be those of weakened nerves, as tired feeling, sleeplessness, timidity, the patient is easily excited and apt to worry without cause. If you have the least suspicion that your heart is weak study your symptoms and begin the use of Dr. Miles' Heart Cure, the great heart and blood tonic, without a day's delay.

The question seems to be, shall the soldier be allowed to drink beer in moderate quantities under proper restriction, or shall he be required to satisfy himself in this respect in groggeries, which, as stated, flourish in the vicinity of army posts throughout the United States, the Philippine Islands or wherever they may be.

Thus we are face to face with two propositions, both of which in a general way, have been stated, and I only wish that those who were instrumental in bringing about the abolition of the canteen could see both sides of it as it actually existed and does exist. Any unprejudiced person who has seen both propositions in operation, and then to declare for the latter, would, in my mind, be controlled by influences other than those having the best interests of the service at heart. Those in favor of the canteen as formerly existed will tell you that a most grievous mistake has been made, while those whose opinions are made up by their antipathy to the sale of liquor, under any circumstances, will tell you that it is a step in the right direction. Who is it that represents the true interests of the service, and who is the better prepared to say what is best for the service? I take it that the regular army officer is the better prepared to say what is best for the soldier, bearing in mind his long experience in studying the things that promote efficiency and discipline, and I hold that civilians who know little of the service, and especially those who care less, are ill prepared to say what would promote the morals of the army as a whole.

Suppose that a civilian at the head of a great manufacturing concern should conduct his business on the suggestions of people who know nothing whatever concerning it; does it stand to reason that he would be a successful business man? I hold not, and at a glance any one can readily see the value of the mass of gratuitous advice showered upon those responsible for the efficiency and discipline of the army.

And what of the moral side of this question? Is drink in any form a necessary evil? Evidently it is, or why do saloons exist in the city of Frankfort today? Why the subway tavern in the city of New York, so recently started on its career for good or evil with the blessing of Bishop Potter, one of the most celebrated Ecclesiasts in the United States? Does the revenue derived from the saloons in the city of Frankfort compensate for the evils that result from their existence? As to whether they do or not, it is for the people of Frankfort to decide, and not for some one who is in ignorance of your wants or wishes in the matter.

In 1897 the writer of this article was in camp with two companies of artillery at Chickamauga Park,

Ga. This was while beer was allowed to be sold in the canteen. Arriving at the park, the first thing in order after making camp was to construct a temporary building for a canteen, from which beer was sold. During a four months' stay in this camp there was not a single instance of a soldier being arrested by the civil authorities, and that too in view of the fact that the men had access to the saloons of Chattanooga, Tenn. In addition they could take a stroll over the hill near Lytle Station, Ga., and get all the moonshine whisky they desired, and that of the vilest sort. The men did not drink the moonshine, and were poor patrons of the saloon in Chattanooga. Why? Because their wants were happily supplied by the canteen. The county in Georgia in which Chickamauga Park is situated is prohibition, and some good old deacon, having in mind the welfare of this small command of soldiers in general, and his own pocket in particular, petitioned that the sale of beer in the canteen be stopped, while he sold wine in any quantities desired, and that too without license. Now who was the most interested in the welfare of this small command, the commanding officer, or the man who had the wine to sell? The question answers itself.

After this camp was broken, four months was spent at Jackson Barracks, New Orleans, La. This reservation is lined on three sides with saloons, yet they got but little patronage from the post, and not a single instance of a soldier's arrest by the civil authorities. The next two years was spent at Galveston, Tex., Ardmore, I. T., and San Antonio, Tex., where the usual standard of discipline was maintained, during which time a desertion or a court-martial was an exceedingly rare occurrence.

Since June, 1900, I have served in the army at Fort Monroe, Va., where we have about nine hundred enlisted men, and as first Sergeant for the past three and a half years. I can truthfully say that, in my humble judgment, the law prohibiting the sale of beer in the canteen was a most lamentable error. While it is true that men get drunk occasionally when beer was sold in the canteen, as a rule a large majority of the offenses were of a minor character, and one punishment sufficed; while to-day a man to get a glass of beer has to resort to the vilest sort of groggeries in the town surrounding the reservation, with the result that a man who gets intoxicated to any extent is hauled up before a magistrate, an unjust fine imposed for the benefit of the municipality, only to return home to be brought to account for such infraction of military law as he may have transgressed.

The sale of liquor in the Indian Territory is prohibited by law, yet in the town of Afton, a number of wild-cat saloons exist, or did exist in 1898, and such peace officers as the town afforded did not know of their existence, or did not care enough about them to bring the guilty persons to justice. Or, it might have been that their soleitude for the welfare of the soldiers then in camp near there was so great that an ordinary infraction of law like selling liquor without license and to Indians, that it was impossible for them to think of other than the welfare of the soldiers during their short stay in their midst. Again at Chickamauga Park, Ga., where moonshiners openly peddled their wares, we find the vigilance of the law-abiding citizens relaxed to the extent that these violators of the law are not molested. If the sons of these good people are capable of carrying the trusts of this deadly moonshine, they are just a little out of the run of ordinary human beings, for you must understand that Georgia moonshine is not made up like the original Kentucky article, crude kerosene becoming a delicious beverage when compared to it.

I merely mention these instances of people putting in on propositions that is of no particular concern to them, in order that you may see the origin of most of the objections raised in the past to the sale of beer in the army canteen. To those good people who were opposed to this feature of army life, I can only say that their inflexible and evidently did not lead them to the places that the result of their actions lead the soldier, and had it done so I believe that those who today are opposed to this feature of army life would now be its advocates.

As a rule a soldier cares but little how the average municipality is run, or how the average man conducts his business. It being none of his concern, he has no suggestions to make to those in power. He only asks that he be let alone to enjoy himself during his few leisure hours as he sees fit, and I submit that those whom the discipline of the army is entrusted are far more competent to judge of its needs, than are those who are not interested in its welfare, or are totally ignorant of its requirements.

TO THE CITIZENS AND VOTERS OF Frankfort

It is advertised that the City Council at a called meeting held on the night of October 18, 1904 (in the City Clerk's office), whereat only nine councilmen were present, by a vote of five councilmen for, and four councilmen against, made a contract with the Peoples Electric Light and Power Co., as set forth in the advertisement, and authorized and directed the Mayor to execute an sign the same, the contract, however, to be binding and obligatory upon the city only upon condition that, at the election to be held November 27, 1904, a plurality of those voting upon the proposition vote in favor of said contract and in favor of making the necessary annual appropriation to pay for the lights so contracted for by the city. And that if the plurality of those voting on the proposition be against the contract and the necessary appropriation, then such contract shall be rejected.

The contract which the voters are thus asked to sanction by their vote provides for the city taking until August 18th, 1921, not less than (76) seventy-six lights of 1,200 nominal candle power each "to be burned all the dark hours from dark until daylight," and pay therefor \$85 per annum for each light, payment to be made monthly; and the contract contemplates and expressly provides that the benefit of the contract may be sold and assigned to any other person or corporation.

In the contract by the city of Frankfort for the sale of the Gas Works and the franchise and right to operate the same, and in the deed by which the city conveyed said properties and rights to the Capital Gas and Electric Light Co., among other things, it was agreed and contracted that the said company was granted the right to, and it contracted that it would, furnish and light with gas all street lights in the city on all streets on which it should have mains or pipes, the same to be lighted nightly, except moonlight nights, and for so lighting its streets the city agreed to pay the company at the rate of \$24 per year for each street light.

Under that contract, which has been upheld in the courts, there were erected and lighted by the company street gas lamps throughout the city.

The city also ordered and had erected by the company on the old bridge between North and South Frankfort four gas lights to be lighted every night and all night and paid for the gas for the same by meter measurement.

This contract was carried out between the city and the company without change or modification until 1893, when, the city, desiring to light some of the principal streets with the electric arc lights, at the instance and request

of the city it was agreed between the city and the Capital Gas and Electric Light Co., that only for the period of 20 years from September, 1893, the said company should, instead of maintaining and lighting the (4) four lights on the bridge and (92) ninety-two of the street lights then in use at certain designated points on the streets, furnish, substitute and light (27) twenty-seven electric arc lights of nominal (2,000) two thousand candle power, one to be placed on the bridge and the remaining (26) twenty-six at the respective intersections of certain designated streets, the same to be lighted every night and from dark in the evening to the dawn of the next morning; and the city agreed to pay for such electric arc lights of nominal 2,000 candle power the sum of \$90.20 per lamp per year so substituted, for the period only of twenty years, for the said 92 gas street lights and the four gas street lights, the aggregate price for the 27 electric arc lights being the same the city was then paying for the 92 gas street lights at \$24 each and the four gas lights on the bridge, paid for by meter measurement, so temporarily dispensed with. And thereby all night lighting of the said 27 electric arc lights was substituted for lighting by the moon schedule by the 92 gas street lights.

This change was made at the instance and request of the city and necessarily at great expense to the Capital Gas and Electric Light Co. And likewise from time to time, at the instance and request of the city other street gas lights have been temporarily dispensed with and electric arc street lights erected to light the streets, the city only within the last two or three months having ordered the erection and lighting of (4) four of such arc lights.

It would seem to be clear that if the city for any cause should repudiate the arrangement honestly made and entered into by both parties, the city and the Capital Gas and Electric Light Co., to light the streets until September, 1913, with electric arc lights of nominal 2,000 candle power, to be lighted all night and every night, it would occasion great loss and expense to the company, and that the latter would then have the right to fall back upon its contract to light all the streets upon which it has mains and pipes with gas street lights to be lighted by moonlight schedule, and if the city refuses to have and pay for such gas street lights the company would have its right of action against the city for breach of contract and the damages the company sustained thereby.

The Capital Gas and Electric Light Co. has fully lived up to and performed its contract with the city in every particular, and there is no to-day a better lighted city in this or any other State. And the city having enjoyed the benefits and advantages of its contract for the past years, does not justice and fair dealing demand it should keep its agreement to the end?

Is it claimed that the price now being paid is unreasonably high for such service? If so, we assert, without fear of successful contradiction, that such is not the case, and that the prices now paid are reasonable when the volume of light furnished, the hours of lighting, and the prices of coal are considered; and we insist that the prices now paid by the city will compare favorably with those paid by other cities similarly situated.

Test this with the proposed con-

tract. The contract you are asked to sanction provides for 1,200 nominal candle power arc street lights at \$85 each. If that be a fair price, then inasmuch as the lights now being furnished by the Capital Gas and Electric Light Co. supply 2,000 candle power, that is 800 candle power or two-fifths more candle power than the lights the new contract proposes, would not a fair price for the old company's light as now furnished be two-fifths more than the \$85 asked by the new company or \$119 per light? Or to put it the other way. What would be a reasonable price for the lights to be furnished by the new company taking into consideration the reduction of the quantity of light furnished by the new lamps, if \$90.20 is a fair price for the present lights? Manifestly if the quantity of light is reduced to three-fifths of the light now furnished, the price to be paid should also be reduced in the same proportion or to three-fifths of \$90.20 or to \$57.75 instead of \$85 as asked by the new company. And this upon the supposition that the 1,200 candle power lamps are burned all night and every night.

Again, as to the hours of lighting. Your lights now burn all night and every night, or 4,000 hours per year. It is proposed in the contract offered for your sanction to light the lamps only "all the dark hours from dark until daylight." Manifestly this does not mean all the hours from dark in the evening until dawn the next morning, for that could have been easily expressed in the contract if it has been intended, but the contract only specifies "all the dark hours." This must and can only be construed to mean, the hours when the moon is not shining. Therefore, the lights are required by this proposed contract to be burned or lighted by the moon schedule or 3,000 hours per year. Of course the more the hours of lighting the greater should be the price, and the less the hours of lighting the less should be the price. Your streets are now lighted 4,000 hours per year, the contract you are asked to sanction only calls for 3,000 hours of lighting per year, or in other words, the old company is now furnishing you with one-third more hours of lighting than the new company proposes to furnish. If the price asked by the new company is a fair price for the light proposed to be furnished by it, should not the old company receive for the lights now furnished you one-third more than this price, or \$113.23; and this upon the score of the difference in the hours of lighting alone. But when the difference in the candle power of the two lamps are considered as well as the difference in the hours of service, the conclusion is irresistible that the present prices are not only fair and reasonable, but that the prices asked in the contract submitted for your approval are exorbitant.

The city has in no way indicated to the Capital Gas and Electric Light Co. that the contract between them is unreasonable or that the city proposes to repudiate its agreement and break faith with it, except in the advertisement of the contract submitted for your approval. This contract was adopted by only five out of nine councilmen, a bare majority, present at a called meeting of the council, held in the City Clerk's office, on the night of the last day on which it could have been adopted to have submitted it for your approval at the coming election, and no notice was given the old company or op-

portunity to it or any one else to be heard.

If the City Council is of the opinion that it is to the advantage of the city to make such a contract as the one proposed, the Capital Gas and Electric Light Co., if given the opportunity, will assist the city in carrying out this object by substituting this proposed contract for its present contract and in addition will furnish lights of 2,000 nominal candle power instead of 1,200 nominal candle power at \$85 per light per year for such lights up to the number of 100 and for all such lights over 100 will furnish them at \$70 per light.

These facts are submitted for the consideration of the citizens of Frankfort, by a company which has spared neither expense nor pains to comply with its contract with the city, and give to it and the citizens the best light and service possible, in order that you may intelligently cast your ballot at the coming election, with the earnest request on the part of that company that if you are opposed to the repudiation by the city of its obligation, that you say so by your vote, remembering that this proposed contract will be adopted and the city thereby involved in litigation unless the majority of the votes cast, are against it.

Respectfully,
CAPITAL GAS AND ELECTRIC LIGHT CO.

PASTORS' SUNDAY - SCHOOL INSTITUTE, THE GREAT-EST SUNDAY-SCHOOL MEETING OF THE YEAR.

The Third Pastors' Sunday-school Institute of Kentucky, under the auspices of the Kentucky Sunday-school Association, will be held at Louisville in the First Presbyterian Church, December 5 to 9, in connection with the Annual Sunday-school Lectures at the Southern Baptist Theological Seminary. Dr. A. H. McKimney, of New York City, one of the most prominent Sunday-school lecturers and authors of the East, delivers the lectures before the Seminary. He will also take a prominent part in the Institute. All in attendance at the Institute will get the benefit of these lectures. The faculty of the Institute this year will consist of four of the most noted Sunday-school experts in America. In addition to Dr. McKimney there will be Mr. Marion Lawrence, International General Secretary and the leader of the Sunday-school forces of the world; Dr. H. M. Hamill, of Nashville, Tenn., the recognized authority on Teacher Training in the world; Dr. Chas. Roads, of Philadelphia, formerly General Secretary of New York State, and now at the head of the Sunday-school work of the M. E. Church. An exceedingly strong program has been arranged.

Our Pastors' Institute is now one of the most notable institution in America. Inquiries about it are coming to us continually even from over the sea.

It is hoped that the pastors of Kentucky will appreciate this effort to improve the Sunday-schools of the State. All pastors will be entertained. For full program and other particulars address E. A. Fox, 19 Louisville Trust Building, Louisville, Ky.

After a long storm is a feeling of relief when an obstinate, pitiless cold has been driven away by Allen's Lung Balm. Only people who have been cured of throat-ache and sore lungs by this remedy can quite realize what the feeling is. There is no opium in the Balm; its good effect is radical and lasting. Take a bottle home to-day.

REUNION ORPHAN BRIGADE.

Unveiling Monument of Capt. Ed. Porter Thompson.

The members of that gallant old band of Kentuckians, known as the Orphan Brigade, to the number of about 125, assembled in this city on Thursday morning.

A committee of the local camps with the 2d Regiment Band, met the veterans at the depot and escorted them to the chamber of the House of Representatives, where, Gen. Fayette Hewitt presiding, the brigade was called to order and a beautiful and appropriate address of welcome was delivered by Mr. T. Hiter Crockett (whose father was a member of the brigade), which was responded to by Capt. Thos. D. Osborne, Brigade Secretary, of Louisville.

Capt. John H. Weller, of Louisville, was elected Commander of the brigade, to succeed Gen. Jos. H. Lewis, deceased. Capt. J. T. Gaines, of Louisville, was elected Historian to succeed the lamented Capt. Ed. Porter Thompson. After which it adjourned to meet in Louisville next year.

The brigade was then formed in procession and marched to the cemetery, where the monument to Capt. Ed. Porter Thompson was unveiled.

Gen. Fayette Hewitt, chairman of the committee having the matter in charge, turned over the monument to the brigade. Rev. J. K. P. South, a Lieutenant in the brigade, delivered the invocation.

Miss Katie Thompson, daughter of Capt. Thompson, removed the flag, and Col. Hiram Hawkins, 6th Kentucky, accepted the monument in an eloquent and strong address, commending the character of that unselfish, honorable and gallant gentleman as an example to all.

At the close of the ceremonies the brigade returned to the city, were given a reception by the ladies of Jos. H. Lewis Chapter, U. D. C., at the Capital Hotel, and a lunch served.

The affair was a very pleasant and agreeable one.

These grizzled veterans risked their lives for what they esteemed the right, and we, who were the blue, have no quarrel with them.

Thank God, we can now strike hands with them as brethren and companions in the same great country, loving its people and its flag with an undying devotion.

CLIMATIC CURES.

The influence of climatic conditions in the cure of consumption is very much overdrawn. The poor patient, and the rich patient too, can do much better at home, by proper attention to food digestion, and a regular use of German Syrup. Free expectoration in the morning is made certain by German Syrup, so is a good night's rest and the absence of that weakening cough and debilitating night sweat. Restless nights and the exhaustion due to coughing, the greatest danger and dread of the consumptive, can be prevented or stopped by taking German Syrup liberally and regularly. Should you be able to go to a warm climate, you will find that of the thousands of consumptives there, the few who are benefited and regain strength are those that use German Syrup. Trial bottle, 25c; regular size, 75c. At all druggists. 1 yr.

THE MOONSHINER'S DAUGHTER.

The Moonshiner's Daughter, now in its third successful season, will appear at the Capital Theatre, matinee this afternoon and performance to-night, and it comes to us with the endorsements of such papers as the New York Sun, Telegraph and the Chicago papers, etc., etc.

A realistic scene depicting life in the mountains of Kentucky is said to be a dramatic offering creating more than usual interest.

The feudism which recently has created editorial comment is brought to light with vivid realism and the culmination of an affair of love between two idyls of the Kentucky mountains, gives ample opportunity for the discussion of the realistic merits pro and con of Kentucky's dissensions, factions—the law and those who would oppose it.

Several very clever people have been engaged for the interpretation of this drama and from present indications a large local reception is predicted. Prices for the lower floor 25, 35 and 50 cents at night, 10 and 25 on matinee. For the balcony the same as usual.

BUGGIES SMASHED.

A mule team attached to the Perkin's Transfer Wagon became frightened while at the L. & N. depot, on Tuesday, and dashed away. When they came to the livery stable of Mr. Jas. R. Thomson, on Main street, the wagon collided with two buggies, smashing them. Shortly after the team was captured without further damage.

GOOD WORK.

Done Daily in Frankfort. Many Citizens Told of It.

Nearly every reader has heard of Doan's Kidney Pills. Their good work in Frankfort still continues and our citizens are constantly adding endorsement by public testimony. No better proof of merit can be had than the experience of friends and neighbors. Read this case:

W. T. Frazier, proprietor of Frazier's Candy Kitchen, 43 St. Clair St., residing at No. 5 Second St., says: "The efficiency of Doan's Kidney Pills was amply proven in my case. I suffered from backache a great deal, often so severely that I could not turn in bed. In the morning when I got up, it was a common thing to feel lame and sore in the back. Being on my feet so much of the time in my store no doubt tended to aggravate the trouble. Anxious to find some relief and a permanent cure, I purchased, when I learned of Doan's Kidney Pills, and saw them so highly recommended by people living near by. I went to J. W. Gayle's drug store and got a box. It was a glad surprise to me to find that after taking them for a day or two they were removing the pain. I continued the treatment, and by the time I had finished the box, the trouble was entirely removed. Up-to-date, I have felt no recurrence. It is a pleasure to me to endorse this preparation."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

GOOD SPIRITS.

Good spirits don't all come from Kentucky. Their main source is the liver—and all the fine spirits ever made in the Blue Grass State could not remedy a bad liver or the hundred-and-one ill effects it produces. You can't have good spirits and a bad liver at the same time. Right of step, vigorous and successful in your pursuits. You can put your liver in fine condition by using Green's August Flower—the greatest of all medicines for the liver and stomach and a certain cure for dyspepsia or indigestion. It has been a favorite household remedy for over thirty-five years. August Flower will make your liver healthy and active and thus insure you a liberal supply of "good spirits." Trial size, 25¢; regular bottles, 75¢. At all druggists. 1 yr.
